Evaluation Criteria

The research competition will be conducted on 09-10 December 2023. Each speaker will present their research work for up to 7 minutes, and 2 minutes will remain reserved for addressing questions and/or concerns from the jury and audiences. The evaluation criteria for prizes and awards are as follows: 75% of the marks are based on novelty, knowledge, and presentation, which will be awarded by jury members. The remaining 25% of the marks are based on plagiarism and the review report. Reviews and case reports will not be considered for presentation at NBRCOM 2023. The name of the winners along with their ranks in each category will be announced during the closing ceremony of the competition. Judges' decision will be the final and no further clarification whatsoever will be issued. All registered presenters and participating delegates will receive a presentation and participation certificate.
